

Imation Corp. is recognized as a leader in removable data storage media - from corporate data centers, to networks, to small businesses and home users. The name Imation combines the essence of the company's core business of information management with its central values of innovation and imagination.

Imation's Corporate Headquarters are located in Oakdale, Minnesota. Manufacturing sites are located in Arizona, California, North Dakota, Oklahoma and Wisconsin. Imation has a presence in 60 countries around the world.

Imation has repeatedly won corporate awards from various organizations including '100 Best Companies for Working Mothers' by Working Mother magazine; 'Most Admired Companies' by Fortune magazine; 'Minnesota's Best Employers' in Corporate Report; and IndustryWeek Best Plant award for its Wahpeton facility.

Imation employees share in the company's success. Through a corporate philosophy of shared rewards-competitive salaries, incentive and bonus plans, stock options, comprehensive benefit packages-hard work pays off. Imation takes pride in providing employees a great work environment, but even the best job is only a part of your life.

Imation is seeking a Shift Supervisor for its Weatherford, OK manufacturing facility. This individual will provide critical leadership and direction for the production operations to achieve production goals of product quality, safety, productivity, costs and customer requirements. This candidate is responsible for providing direct supervision and leadership, including performance management, coaching, training and development of assigned staff. They are also responsible for prioritization of work, team building and conflict resolution. The Shift Supervisor will lead or participate in cross-functional teams and maintain all business record keeping requirements.

Bachelor's degree with 3-5 years supervisory experience in a manufacturing environment are preferred. The successful candidate must also have strong interpersonal, organizational and communication skills, with a high level of integrity. The ideal candidate has successes as a team player committed to safety, quality and customer service. Requires expert ability to analyze, troubleshoot, solve problems and facilitate change. Experience with MS Office, Lotus Notes, and Oracle (or similar enterprise system) is a plus.
