

## **EXTERNAL POSTING**

**May 12, 2003**

**POSITION TITLE:** Web Developer/Programmer

**THE POSITION:** Works with other departments to create web page content. Responsible for development, maintenance, and documentation of program code and security of internet-based applications in a .NET web environment. Uses programming languages such as HTML, XML, JavaScript, and other scripting languages.

**QUALIFICATIONS:** Strong communication, organizational, and technical skills. Bachelor's degree (preferably in Computer Science or related area). Appropriate training and experience may substitute for degree requirement. Ability to hand-code HTML/XHTML without WYSIWYG editor. Knowledge of web server and client tools on multiple platforms preferred. Graphic design skills and experience working in a project management or academic environment desirable. Knowledge of PHP, ASP, VB, CSS, SQL, and other web technologies.

**ANTICIPATED  
START DATE:** As soon as possible after review date.

**SALARY:** Commensurate with existing salary structure.

**DEADLINE  
DATE:** Review of applications will begin immediately and continue until position filled.

**APPLICATION  
PROCEDURE:** Submit cover letter, resume, unofficial transcripts, examples and descriptions of web development work, and the names, addresses, and phone numbers of three references to: Human Resources, SWOSU, 100 Campus Drive, Weatherford, OK 73096. Visit [www.swosu.edu](http://www.swosu.edu) for additional information.
